This Mass is a White Magic Ceremony which has been used in all the old INITIATIC Sanctuaries. By esoteric reasons of Astrological Cause, this Mass has not been presented in public.

When the Sun entered the Constellation of Pisces, Jesus of Nazareth, the Avatar of the Age, transmitted such a Ceremony to his Disciple, Peter, to be presented for the good of Mankind. Through the ages, this ceremony has become debased in the Christian Churches.

Being INITIATIC, the origin of this Ceremony is lost in Antiquity, but it is the same in its essential form, which had been used by the Atlanteans, and later on by the Druids, and after that by the Essenes, and now by the Aquarians.

The INITIATIC knowledge is in strict relationship with Astrology, and therefore the Mass is based on the Symbolism of the 7 Planets. Hence the division into 7 parts.

The purpose of the Mass is to help, by these means, the people who have not yet reached Spiritual Sublimation.

This Ceremony is celebrated every Week-day, for the World's service, at 7 am. Caracas local time, and Sunday at 10 am.

Caracas is situated on 66 degrees West of Greenwich, and 10 deg. SO North.

The duration of the Ceremony of 7 minutes on week-days, and 10 minutes on Sunday.
